

Focus Safety For The Children

Leave your problems at the door
When in the bus they are no more
With only one distraction
Between life and death
America's treasure you will move
With your buses and a positive attitude
Attitudes of future leaders you can instill
Remember "For the Children" you can and will
Every Child – Every Day
Is now the best trans employee way
One last thought to keep in mind

School Bus Safety is...

ONE STOP AT A TIME
